

CAPTIONING

Accessible Communication Developers

WHAT IS IT?

Captioning is text over a video that contains any audio information belonging to the original production. This feature, in a video production, allows people with hearing disabilities to have access to audible information that was part of the media.

PACKAGE INCLUDES (English/French/Spanish available)

- Off line captioning/Real time captioning
- Roll up/Pop on
- Subtitles for the Deaf and Hard of Hearing (including translation if it is a different language)

TECHNICAL SPECIFICATIONS REQUIRED

- Low resolution audio/video file (.mov file preferred) in case no physical media is required. Multiple captions and subtitles formats supported
- Master tape has to be provided in case physical media creation is needed. Multiple physical formats supported
